EDITOR LANDRAM, of the Lancaster Record, who edits the only truly independent paper in the State, takes this view of Hon. William R. Hearst and his candidacy: "Many papers are jumping on Mr. Hearst and saying all manner of mean things about his candidacy for the democratic nomination for president. The old saying that the tree bearing the best fruit has the most sticks, clubs and stones under it, leads us to believe that Mr. Hearst is a man of great ability, and presidential timber of exceptionally good quality. When a man in public life is pounced upon so universally, it's a safe bet he is being knifed because those accustomed to leading candidates by the nose can not work him. Consequently, as stated above, we believe Mr. Hearst to be a man of exceptionally fine qualifications."

THE Mt. Vernon Signal continues to abuse and belittle Hon. William Randolph Hearst, Congressman from New York, owner of seven democratic metropolitan dailies, very probably democratic nominee for president, etc., etc. Some of these beautiful spring mornings Mr. Albright will arouse from his lumbars, as it were, and wonder why he took such a foolish course. He had better retract his abuse of a good man while he can or he may be compelled to do one of two things—eat crow by supporting Mr. Hearst after the St. Louis convention or go the way of many so-called democrats who begun their downward journey by abusing their betters.

In his speech in Chicago Saturday night in which he took for his subject the platform adopted by the democratic State convention in New York, Mr. Bryan disclaimed any personal choice for the nomination for president but vigorously assailed Judge Alton B. Parker and declared that the platform adopted in Albany was "evasive, ambiguous, cowardly and dishonest."

THE white republicans, with a few exceptions, were set down on good and hard at the convention here Saturday. They had about as much chance to carry a point as a snowball would to retain its shape in the plutonian regions. The Messrs. Davison had the colored brother at their command and they used him for all he was worth.

AN endorsement of National Committee Yerkies was gotten through the republican convention here Saturday by the hardest but Bradley's name was not mentioned.

THE Harrodsburg Democrat thinks that Col. Dan L. Moore should have all the say at the committee meeting at Lawrenceburg Friday because he is the only candidate who has paid the papers to announce him. While Mr. Helm, of this place, will announce his candidacy in due time, he doesn't intend to be bluffed into doing so by such tommy rot. Editor Brown is old enough to know that it is optional with the candidates whether they put their announcements in papers at all. Certainly there is no party law demanding such a thing. The Democrat will have to hunt another reason as well as a better one for wanting to give Col. Moore exclusive privileges and full sway at the Lawrenceburg meeting.

THE turnout democrats were turned down badly Saturday in the republican convention. They have heretofore occupied box seats in the show, but they had to go "away back" Saturday to keep from being run over by the Negro machine which was well greased. Some of the "old liners" also were sent to the rear to occupy seats.

If the white republicans can put up with George W. Gentry, colored, as their delegate there should be no "kick" coming from the democrats. Gentry is a good republican worker and deserved the honor he got.

HONORS are coming to Hon. William R. Hearst rapidly. A son has just arrived at his home in Washington.

POLITICAL.

Reed S. Nichols has announced for county judge of Boyle.

In his speech in the House Mr. Cochran proposed John Sharp Williams as the democratic nominee for vice president.

The contract by which the ownership of the Panama Canal passes to the United States has been signed, sealed and delivered in Paris.

The belief is growing among the party leaders in Washington that Senator Fairbanks, of Indiana, will be the republican nominee for vice president.

More than 1,400 bills have been passed during the present session of Congress. The estimate of the total amount carried by the supply bills is \$597,862,324. These figures will be subject to slight changes in pending bills.

It is believed that Bryan's visit to Chicago may result in a coalition of the Hearst and Harrison factions against the Hopkins forces. Bryan held a conference with a number of the Harrison leaders during his stay in Chicago.

President Roosevelt has sent word to his friends in the Senate that the nomination of W. D. Crum, colored, as Collector at Charleston, must be confirmed. Senator Tillman is away, and it is likely that "senatorial courtesy" will interfere with the President's wishes.

In the House Representative Dalzell charged Representative Cockran with having received pay for speeches in the sound-money campaign of 1896. Mr. Cockran and the entire democratic side called on Mr. Dalzell to name his authority. He refused to do so, and took his seat in silence while Mr. Cockran delivered a stinging rebuke.

The House passed the Senate bill extending the time allowed the States for the filing of war claims with an amendment providing for payment of expenses incurred by governors after muster. The Senate is expected to concur. Capt. Calhoun says the Fourth Kentucky will receive about \$50,000 and that the field staff and band of the First, Second and Third regiments will get about \$5,000.

Dr. William Turner, for 12 years chairman of the Warren county republican committee, in a breezy letter to State Chairman Barcott tendered his resignation. He dishes out a severe roast to the Federal office-holders, who are now in control of the party in Kentucky, declaring that they are opposed to the party's success in the State, and only interested in holding their present positions.

Ex-Mayor Joseph L. Rhinock, of Covington, has a safe lead in the instructed delegate vote in the conventions held in the 6th Congressional district Saturday to the convention at Newport, April 27. His supporters claim his nomination on the first ballot. Congressman Goebel is practically out of the race. Contesting delegations were sent from Kenton, Campbell and Grant counties. It is claimed that a rump convention will be held and Judge Hodge nominated, in order that the muddle may be thrown into the State Central Committee's hands and a primary ordered.

The sweeping victory of former Gov. W. O. Bradley in Louisville and Jefferson county and his success in securing more instructed delegations to the State convention than any other candidate for delegate from the State-at-large, has made Mr. Bradley once more one of the chief factors in republican politics in Kentucky and has been a corresponding influence in lessening the importance of John W. Yerkies, who has been the recognized leader of the party for several years. At every county convention not controlled by the officeholders, Mr. Bradley was instructed for, and in many where the machine controlled. Mr. Bradley says he has 1,284 instructed votes.

President Roosevelt has selected Judge Beckham Winthrop to succeed William H. Hunt as governor of Porto Rico.

Former State Senator Henry Little, capitalist, and for a generation the leader of the New Jersey Democrats, is dead at Camden at the age of 81 years.

The House was in session for five hours for the purpose of paying tributes to the memory of the late Senator Hanna and the late Representatives Thompson, of Alabama, and Skiles, of Ohio. Appropriate resolutions were adopted. The House will hold night sessions this week, and business will be rushed with a view to reaching an adjournment on Thursday.

She was 43 years old and leaves two children, Miss Eugenia Potts Dunlap, and George Dunlap. She was the daughter of the late Gen. William Landram, of Lancaster, and the sister of Editor Louis Landram, of the Lancaster Record. Mrs. Capt. William McFarland, of New York, and Mrs. Richard A. Burnside, of Lancaster; Mrs. McGowan, of Howard, Ohio, are sisters. She had been ill in health for some months, but her death was unexpected.

PHYSICAL CULTURE POPULAR.

Physical Culture is essential to the well-being of man. You are offered strength, graceful and easy carriage of the body, and a method which will enable you to keep well.

This method is simple, rational and especially suited for business and office men. It is good for all mankind. Men are dying by degrees for lack of exercise. Lack of exercise means stagnation and stagnation means death.

Results: Development, Strength, Health.

Are you nervous? Physical culture will cure you. Too fleshy? Reduce by using it. Too thin? Work to your normal state. How about sleeping? Insomnia is a grave affliction. Systematic exercise will put it to flight.

Educate yourself along physiological lines. Keep every organ of the body up to nature's standard. Be a man, feel good and enjoy life. Get relief from indigestion and constipation. You can do it. If you are well, keep well by using this system. If ill, cure yourself and remain cured.

Singers require a strong diaphragm. Too often they overlook this very essential fact.

Lawyers need something more than eloquence. Strength is of vast importance, so is magnetism.

Clerks become morose from bad circulation of the blood.

Robust health will bring vivacity, beauty and symmetry to boys and girls.

Parents should not forget this.

Classes now being organized. Ladies' classes will be under direction of Miss Lucy Adams.

JOHN BRIGHT, JR., & CO.

Season 1904-- Wood Lawn Stock Farm. RED LEAF,

(4-year-old record 2:22 in 9th heat over 1/2 mile track.) Sire of 3 with records better than 2:30. Champion show horse of Kentucky and leading sire of high-class road horses and teams.

\$25 to Insure a Living Colt and a Good One at That.

I claim it is to the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf—1st, Because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 2nd, Because his colts have a reputation and have sold for higher prices undeveloped than those of any stallion in Mercer or adjoining counties. 3rd, Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th, Because he has a better record as a race horse, having won 10 out of 13 races, and a better record as a show horse, having won 58 out of 63 shows, than any stallion in Mercer or adjoining counties. 5th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:13, and with a dam (Lady Hart) that every colt she had took a standard record and was a winner, and whose grand-dam (Soprano) was the greatest brood mare in the world, having 11 in the list, and whose sire (C. F. Clay) sold for \$6,000, and whose dam sold for \$1,500, whose dam's sire (Red Wilkes) sold for \$20,000 for a half interest, and who himself (Red Leaf) sold at 3 years old for \$1,000 and at 14 years old for \$1,750 and that has himself sired 14 colts to sell for over \$200—some as high as \$2,000—and teams from \$1,500 to \$3,000, in Mercer and adjoining counties. 6th, But three of Red Leaf's colts were ever trained for speed and they all took records. 7th, But one of Red Leaf's colts was raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown by the Year book, and showed miles in 2:15, and would have been a sensational horse had he lived. 8th, Red Leaf has sired more high-class, high-priced teams than any stallion in Kentucky in the past two years. 9th, I can show several offers of over \$3,000 for a pair I now have. None of those sold were five years old, and most of them under three years.

Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the world's greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 26 shows—something equaled only by the world's famous Gipsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillets are sure to be great brood mares. If these are not facts, why not?

I also have a good Black Jack, to stand at \$8 to insure a living colt.
